

THE TRADITIONAL BOWHUNTERS OF VIRGINIA

SHOOT SCHEDULE 2016 (FEB THRU APR)

The TBV was organized in 1995 as a group of individuals united to advance the sport of traditional archery. The organization does not denigrate or demean other legal forms of hunting but rather celebrates the special challenges, techniques and senses of accomplishment when using traditional equipment for target sports or hunting in all its various possibilities. The TBV is a not-for-profit group that relies on volunteers for leadership positions and successful completion of club activities.

Fellow TBVers.....

As you know, our Club is dedicated to the pursuit of traditional archery in ways that are legal, ethical and, importantly, fun. Much of the FUN part centers on time when we can gather to shoot and swap stories. A new year is upon us, hopefully the snow is behind us, and 3D schedules have been published by Virginia Bowhunters Association clubs. Many of these clubs have agreed to host us and give us use of their ranges. Efforts are underway to expand the list throughout the State. We will have to pay for the privilege on the day of our gathering; typically the amount is \$10 or less. Below is the list of currently scheduled events. Our goal is to be at the venue EARLY so we can be among the first downrange (so as to not be held up by those shooting with training wheels) and then gather for a meeting immediately after our last member clears the range. If you can't shoot early, please join us for the meeting; I'm sure some (most?) of us will shoot again. SEE YOU SOON! Also, please help us recruit new members as we gain strength throughout the Commonwealth.
